ARMY Declass/Release Instructions On File

Mr. John H. McCone
Director
Central Intelligence Agency
Langley, Virginia

Dear Mr. McCone:

STATINTL

It is a pleasure to express the appreciation of the U. S. Army Intelligence School for the period of instruction presented at Fort Holabird by [REDACTED] to personnel of the Military Intelligence Officer Career Course, on 16 May 1963.

The speakers presented a highly interesting and informative coverage of a little known area of the intelligence collection effort. Their emphasis of the valuable information which might be obtained from such seemingly innocuous sources was most gratifying. Student interest in the presentation was evidenced by the numerous questions which were asked at the conclusion of the presentation.

Thank you for your courtesy in making these speakers available and please convey to them the appreciation of the Staff and Faculty.

Sincerely,

MATTHEW C. STEWART
Colonel, AIS
Assistant Commandant
